

PRINCE2 Agile® Foundation

Description

PRINCE2 Agile®, a highly effective project management method

PRINCE2 Agile® is a project management method that combines the control and adaptability of PRINCE2® with the flexibility and responsiveness of the agile approach. It effectively integrates the three levels of authority within a project, focusing on project direction and management with PRINCE2®, while ensuring product delivery through agility. This method is highly suitable for most contexts and can be adapted to various project environments.

We prepare you for the PRINCE2 AGILE® Foundation exam

This 2-day training provides you with all the necessary knowledge and skills to confidently take the PRINCE2 AGILE® Foundation exam.
