

COBIT® 2019 Foundation

Description

Discover how COBIT® can be essential to business success

COBIT® is a powerful tool for business innovation and transformation. It provides guidance and resources to build a sustainable and optimal governance system. It enables you to integrate standards, guidelines, regulations, and industry best practices specific to your organization into your governance solution. Finally, COBIT® offers practitioners key processes and tools to minimize risks, create value, optimize enterprise resources, and ultimately achieve critical business objectives.

We prepare you for the COBIT® 2019 Foundation exam

This three-day training course supports and prepares you effectively to sit for the COBIT® 2019 Foundation exam. Among other topics, it covers the importance of COBIT® as a governance framework for information and technology, and it will ultimately enable you to design and manage a tailored governance system.
